Re: *Application by SBC Communications Inc., et al. for Provision of In-Region, InterLATA Services in Michigan*, WC Docket No. 03-16

Dear Ms. Dortch:

On behalf of SBC Communications Inc. ("SBC"), I am enclosing a CD containing a slightly modified version of the Hit or Miss Report that SBC provided to this Commission on February 25, 2003. Specifically, the CD contains an Excel file entitled "REVISED-HOMR_ (September_2002-January_2003).xls" ("HOMR Report"). The only difference between this version of the HOMR Report and the version submitted on February 25 is the result for PM 4-02 in November 2002. The Performance Measurement Tracking Report submitted on February 25 contained accurate data for PM 4-02.

In addition, at the request of FCC Staff, I am attaching a table summarizing the restatements of performance measurements that SBC made on March 5, 2003. I am also providing a brief explanation of why each of the restatements was made. See Attachment A.

n/r: No Result

September 2002 through January 2003
Michigan Performance Results
Results Restated on March 5, 2003

December 2002 Results Restated for PM 59-03

- A misapplication of program logic in the month of December 2002 caused certain service orders to be incorrectly matched to trouble reports for the line share disaggregations for this submeasure. **The** appropriate logic was applied and results for December were restated.

September – November 2002 Results Restated for PMs 105-01, 106-01, MI 5-02 and MI 5-03

- Previously posted results for PMs 105, 106 and MI 5 were calculated on the basis of business days. Results were restated to reflect a revised interpretation of the business rules requiring a calculation based on calendar days. The restatements apply to the months of September 2002 through November 2002 for PMs 105-01, 106-01 and MI 5-02. **The** restatement for PM MI 5-03 changed the previously reported results only for November 2002.

DOCUMENT OFF-LINE

This page has been substituted for one of the following:

- o This document is confidential **(NOT FOR PUBLIC INSPECTION)**
- o An oversize page or document (such as a map) which was too large to be 'scanned into the ECFS system.
- o Microfilm, microform, certain photographs or videotape
- o Other materials which, for one reason or another, could not be scanned into the ECFS system.

The actual document, page(s) or materials may be reviewed **(EXCLUDING CONFIDENTIAL DOCUMENTS)** by contacting an Information Technician at the FCC Reference Information Centers) at **445 12th** Street, SW, Washington, DC, Room CY-A257. Please note the applicable docket or rulemaking number, document type and any other relevant information about the document in order to ensure speedy retrieval by the Information Technician
